

Lightbox Counter

ASSEMBLY INSTRUCTIONS

BOX CONTENTS

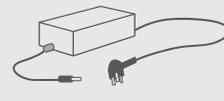

(1) Counter Top

(1) Counter Base

(8) Poles

Power Cord

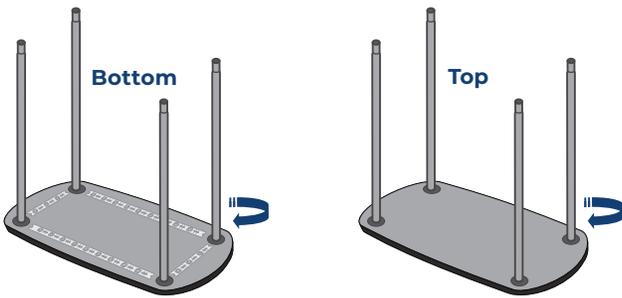

Graphics
(Ships Separately)

1

Secure the Poles

Twist the poles into both the top and bottom counter surfaces.

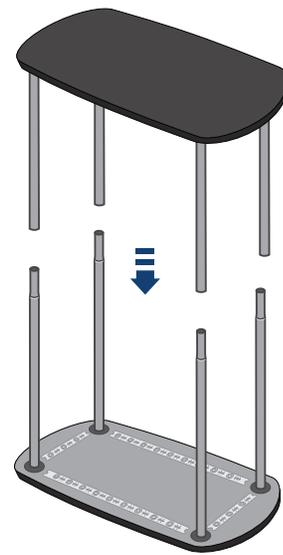

There are holes in each corner of the base to screw the poles into

2

Assemble the frame

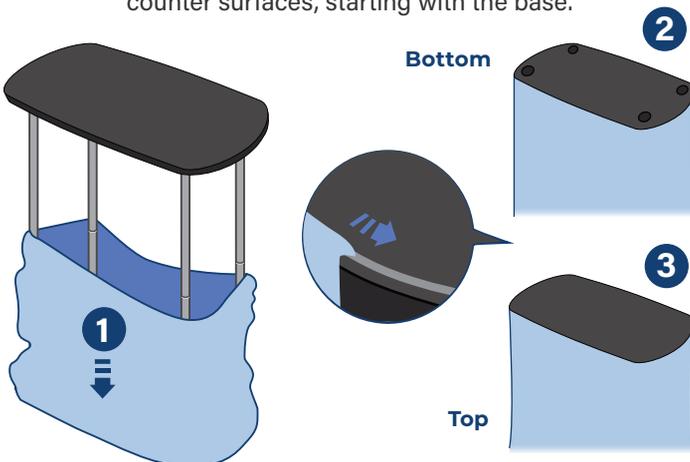

Connect the top and bottom halves of the counter.

3

Secure the Graphics

First, pull the graphics over the top of the counter. Then press the graphic silicone edge into the groove of the counter surfaces, starting with the base.

The graphic edge is meant to slide into the groove with ease

4

Plug in

Plug in your counter to a power source and hold for applause!
